STEP 1 OF 7

Basics and unit

Pick the auction type and direction first. They decide what the next steps show. Then describe what you're selling.

The auction

How it runs, and who can join.

Auction type
Decides how rounds and stages run.

- **Simple** SIMPLE — One unit, one round. For example, selling a used car. *(selected)*
- **Multi-round** MULTI_ROUND — Coming later — One round per unit: parallel, sequential or staggered.
- **Multi-stage** MULTI_STAGE — Coming later — Stages with their own rules, such as a sealed qualifier and then a live auction.

Direction
Selling or buying. This changes wording and limits in later sections.

- **Forward (selling)** — Buyers bid the price up. The highest bid wins. *(selected)*
- **Reverse (buying)** — Suppliers bid the price down. The lowest ask wins.

Preset
Optional. Fills in Bidding and Award. You can still change anything.

START FROM: None: I'll set everything myself

About the auction
What bidders see first.

TITLE: Used car sale: Toyota Innova 2019

DESCRIPTION · optional: What bidders should know before they join

Who can join
Private auctions are invite-only. You invite people after you publish.

- **Public** — Any registered user can join. *(selected)*
- **Private** — Only people you invite, once it's published.

Money and time
Used for every price and deadline.

CURRENCY: INR: Indian rupee (₹)

TIME ZONE: IST: Asia/Kolkata

The unit

What you are selling. A Single Unit or a Bundle is won whole by one winner.

Unit type
Single Units and Bundles are atomic: one price, one winner, no partial awards.

- **Single Unit** — One item and its quantity, sold as a whole. *(selected)*
- **Bundle** — One or more items, each with its quantity, sold as a whole.
- **Multi Unit** Coming later — Bidders choose a quantity and a price per piece.

Name
What bidders see as the thing being sold.

UNIT NAME: Toyota Innova 2019

ROUND PERCENTAGE PRICES TO

The nearest ₹1

Percentages give uneven amounts, such as 2% above ₹594 = ₹605.88.

Withdrawing a bid
Can a bid be taken back once it's placed?

- **Not allowed** — A bid is final once placed.
- **Allowed, with a penalty** — Until a set time before the close. If the final price ends up worse, the withdrawer pays the difference.

What bidders see
While bidding is open.

- ○ **Best price and own rank** — Bidders see the current best bid and where they stand.
- ○ **Own rank only** — Bidders see only their position: H1, H2, ...
- ◉ **Nothing until close** — No prices or ranks while bidding is open.

⚠ With nothing visible, bidders can't react to each other. A sealed auction may suit this better.

Names
How bidders appear to each other.

- ○ **Aliases** — Bidder 1, Bidder 2... kept the same for the whole auction.
- ○ **Real names** — Everyone sees who is bidding.
- ◉ **Hidden** — No names or aliases are shown.
